

HONEST TINNEL BUEHLER IS FATALLY BURNED BY NATURAL GAS EXPLOSION

Victim Dies as Result of Injuries After Five Hours of Horrible Agony

GAS LEAKED FROM A DEFECTIVE TUBE

Connecting Hot Plate With Pipe Filling the Kitchen of the Buehler Home—Sound of the Explosion Wrecks the House, Demolishes the Furniture, Arouses the Neighborhood and Causes a Speedy Run By the Fire Department.

A loud explosion, followed by a terrific crash that was heard distinctly in the nearby residences, brought people living in the vicinity of West Main and Union streets from their homes about 5 o'clock Friday morning, when it was learned that there had been an explosion of natural gas in the residence of Mr. Tinnel Buehler, and that Mr. Buehler, who was one of Newark's most prominent business men, had been fatally injured, dying about 10:30 o'clock.

Shortly before 5 o'clock Mr. Buehler had arisen from his bed and had gone down stairs in his night robes to turn on the gas in

flames. The hair on his head and all been burned off and he presented a horrible appearance.

The entire rear part of the place presented a scene of confusion. Articles of furniture were scattered about the place, nearly all the doors were torn from their hinges, windows were broken, and the brick walls in the kitchen were bulged out about eight inches.

An alarm of fire was sent in, but the services of the firemen were not needed.

Drs. J. E. Bowers and J. W. Barker were called, and after examining the injured man found him to be in a very serious condition, and gave out the information that he could not live as he had inhaled the flame. The attending physicians did all they could to relieve the sufferings of the injured man.

TINNEL BUEHLER'S CAREER.

Tinnel Buehler became a resident of Licking county in 1854, and since that time with the exception of two years

was the only son of George and Elizabeth (Cadwallader) Buehler, natives respectively of Gettysburg and Licking counties, Pa. His only sister, Mary, married John Janssen of Norristown, Pa. The father died when Tinnel was only two years old, but the mother attained a good old age, passing away when 96 years old. She had been married prior to her union with Mr. Buehler and by her first marriage had four children.

During his boyhood days Mr. Tinnel Buehler resided in the county of his birth, and going thence to Bucks county, learned the trade of blacksmith, at which he was an expert. As stated above, he came to Newark in 1854, where for more than 20 years he followed his trade. A serious accident, however at last obliged him to abandon work at his chosen occupation. When out hunting his right hand was blown off by the accidental discharge of a shot gun, and he was therefore incapacitated for manual labor. He then opened a grocery store and until 1884 had a good trade in that line. In 1883 he went to California via the Isthmus, and engaging in work at his trade accumulated considerable money. After two years in the far west he returned to Ohio by way of the Isthmus of Panama, well satisfied to spend the remainder of his days in the Buckeye state.

The first marriage of Mr. Buehler united him with Miss Sarah, daughter of William Brittan. This lady was born in Guernsey county, O., and died in Licking county, O., February 22, 1893, after having borne her husband three children, Joanna, wife of Mr. John Zimmerly of this city, William, who is in Kansas, and Frank, of this city.

In 1894 Mr. Buehler was again married, choosing as his wife Mrs. Clara (Wells) Bernard, an estimable lady, who by her former marriage had two sons, Jones and Wells.

Mr. Buehler was again married recently and this wife and one child survive.

It is worthy to note that Mr. Buehler had served as councilman for many years as the representative of the people of the old Seventh ward, and he served them faithfully and well, officiating as president and Vice president of the city council.

In Mr. Buehler the Democratic party of Newark and Licking county had one of its most devoted and loyal supporters. Socially he is a member of Olive Branch Lodge No. 34, I. O. O. F., and for a number of years had been identified with the First Presbyterian church of this city to which he was a liberal contributor. He was a man who was highly respected and esteemed by all who had the pleasure of his acquaintance, and his deplorable death will be sincerely mourned by the entire community.

LYNCHING THREATENED.

Paduah, Ky., June 16.—Walker G. Taylor time keeper for the W. J. Oliver construction company, was probably fatally shot by an unknown negro at Wickliffe. The negro was drinking from a faucet where white men got their water when Taylor ordered him to desist. Refusing the white man struck the negro, who pulled a pistol and shot him. A posse is in pursuit, and if the negro is captured he will be lynched.

VICTORY FOR DICKEN

He Won a Constructive Triumph Over The Squadron Defending Hampton Roads.

Fort Monroe, Va., June 16.—Rear Admiral Dicken, commanding the hostile fleet, played the war to a finish here last night. While it cannot be stated that he won a victory over the supposedly impregnable land fortifications guarding the entrance to Hampton roads, it now appears certain that when the signal to cease firing was given at Fort Monroe at midnight one or two of his vessels had managed to force an entrance to the roadstead without having constructively been put out of action. This fact is admitted by army officers, who today are sneaking words of praise for the magnificent strategy displayed by Dicken.

At 11 o'clock Fort Monroe received a wireless dispatch from one of its scout ships that the enemy had been sighted coming in from the north ward. The ships were seven thousand yards distant. It was some time before the big searchlights, made comparatively inactive by the bright moonlight, were able to pick up four low lying black torpedo boat destroyers.

STEAMER DESTROYED.

Detour, Mich., June 16.—The passenger steamer Harrier, A. Hart, bound from Mackinac Island to Detour burned to the water's edge when four miles southwest of here yesterday. The crew and seven passengers escaped safely in small boats.

GEN. LEE IS AGAIN ELECTED COMMANDER

Louisville, Ky., June 16.—The United Confederate Veterans re-elected their old officers as follows: Commander-in-chief, General Stephen D. Lee, Mississippi; commander Trans-mississippi department, Lieutenant General W. L. Cabell, Texas; commander Army of Tennessee department, Lieutenant General Clement A. Evans, Georgia; commander Army of Northern Virginia department, C. Irvine Walker, South Carolina. New Orleans had slight difficulty in securing the convention for 1906.

The history committee reported gratifying progress in the matter of securing accurate histories for use in the southern school. The Battle Abbey is now assured. It will be built in Richmond. The report of the Davis Monument association says that \$69,000 is now in a bank drawing interest, and the monument to the dead chieftain is therefore assured.

SENSATION IN RUSSIA

Grand Duke Alexis and Admiral Avellan Are Forced to Retire.

CONCESSION TO THE PUBLIC

Charges of Corruption and Inefficiency against the Marine Department Rife For Years—Scandal Busy With the Name of the Grand Duke — Both Men Savagely Attacked.

St. Petersburg, June 16.—The sensational announcement was made that Grand Duke Alexis, the high admiral, who is an uncle of the emperor, and Admiral Avellan, head of the Russian admiralty department, had resigned. This announcement was followed a few minutes later by an imperial rescript relieving the grand duke of the supreme direction of the navy, which he had held since the days of the emperor's father, Alexander III, when Russia resolved to enter the lists as a first-class sea power and to build up a great navy, the remnants of which were destroyed in the battle of the Sea of Japan.

Although from time to time since the war began there have been rumors that the grand duke would retire on account of the savage criticism, not to use harsher terms, directed against the administration of the navy, especially in the construction of ships, the announcement of his resignation came like a bolt out of the blue. The words of the rescript give no hint of imperial anger, and the real explanation probably will not leak out for several days, but the instant disposition was to regard the retirement of Grand Duke Alexis and Admiral Avellan as a concession to public opinion, following the crowning tragedy of the Sea of Japan. Charges of mismanagement and inefficiency and tales of corruption and even worse against the marine department have been rife for years. When the war began these increased tenfold, and lately a regular campaign against the department has been openly conducted in the newspapers. Some startling revelations have been made in this campaign, and Captain Clado, who was one of the leading critics of the conduct of the navy, was dismissed from the service for his persistence.

Grand Duke Alexis himself did not escape personal attacks, and scandal was so busy with his name that he was several times the subject of public demonstrations. The name of the grand duke was high on the list of those condemned by the terrorists, and after "Red Sunday" (Jan. 22 last) it was reported that he had fled abroad, but it developed that he was merely keeping closely within his palace. Recently he has shown himself more frequently, usually in a closed carriage.

MR. HAY IS BACK FROM EUROPEAN TRIP

New York, June 16.—Secretary of State John Hay arrived from Europe on the Baltic north improved in health, but plainly showing that he was far from being a well man. An important and long document was delivered to him at a quarantine by a special messenger from the White House. Mr. Hay said in response to questions that he had no intention of leaving the cabinet.

Woman Killed by Scorchers.

Chicago, June 16.—The police engaged in a search for several young men who, while riding in an automobile on Michigan avenue, ran down and fatally hurt M. Eliza Woods, and then fled, leaving her victim on the street. When the men made their escape Mrs. Woods was placed in another automobile and hurried to a hospital. It was found that her spine was broken. She died an hour later.

PLANS SUGGESTED FOR THE CONSTRUCTION OF NEW MUNICIPAL WATER WORKS

Two Lateral Mains To Touch Big Manufacturing Districts.

And Forming Complete Circuit Proposed By Engineer Davis—System Would Be One of the Best In the Country and Would Require Fifty-seven Miles of Pipe.

Luke K. Davis of Pittsburg, the engineer who has the contract for the equipment of the new municipal water system, was in the city Thursday and presented his proposed plans for the fifty-seven miles of piping for the city. The city board and the engineer had no trouble in agreeing as to the plans, and with a few slight changes, they will be accepted.

If the architect's plans are carried out, there will be a direct pressure from a pumping station instead of a reservoir and a constant pressure of 70 pounds will be furnished. In three minutes after a fire alarm has been turned in, the pressure can be raised to 130 pounds.

The plans as presented by Mr. Davis provide for two sixteen inch mains running from the pumping station to the city. One will come into the city on one of the new streets recently opened up in the North End, coming to Channel street, turning west and running to Fourth street, south to Canal, west to Twelfth, south to the canal and across the railroad tracks and to the Wehrle foundry. From this main, smaller feeders will be run to every street, with 10 and 12 and 6 and 3 inch pipes.

The second 16 inch main leaves Channell avenue at Maple street. It will be run south on Maple to Leroy, to Clinton, to the Everett works and St. Clair street, to North Fourth street and south to Church street and to East Newark.

The various sections of the city will be so connected by a system of circles of mains in order that any part of any main can be shut off without depriving any section of the city from the use of water.

The system as proposed by these plans will require over 57 miles of pipe and will leave no portion of the city without the best of fire protection. After submitting the plans to the public service board and receiving a number of suggestions from the members, Contractor Davis returned to Pittsburg. He will visit the city again next Wednesday with the complete plans, when the board will again view the work. It is the intention of the city officials to proceed at once with the construction of a plant.

The location of the new plant will be just across the stream from the present water company's plant, at the foot and to the south of Horn's hill.

The work will probably employ five or six hundred men, and engineer Davis states that if no unforeseen event delays the work, he expects to be able to test the main system by Christmas day of this year.

NOTED WOMEN SELECTED.

Chicago, June 16.—It is officially announced that Mrs. Emmens Blaine, whose contributions for educational advancement have amounted to more than \$1,000,000 will be appointed a member of the board of education by Mayor Dunne. It is also understood that the mayor has selected Miss Jane Adams and Dr. Cornelia DeBoy, both well known in educational and sociological work for places on the board.

JEALOUSY THE CAUSE.

Chicago, June 16.—Followed to a friend's house, Agnes Morrison was shot and killed Thursday afternoon by Roger Gardner, to whom she had been engaged. Jealousy was the cause of the shooting.

\$25,000,000 TUNNEL CONTRACT.

Rome, Nov. 16.—It is officially stated that a contract for a series of tunnels through the St. Gotthard mountains has been let by the Swiss government to a San Francisco firm for \$25,000,000. The contract will be completed in 1910.

KENTUCKY TRAGEDY.

Chattanooga, Ky., June 16.—Wm. T. H. and John Mays, who are brothers-in-law, became involved in a quarrel yesterday. Mays started toward Hatcher with an open knife, when the latter opened fire with a shot gun, scoring Mays four times in the left side, killing him instantly. Hatcher gave himself up and was placed in the county jail.

HAY UNDETERMINED AS TO RESIGNATION

New York, June 16.—Secretary Hay is resting today after arrival last night from his European trip. He says he is much improved, but looks pale and somewhat weak. His return to Washington is undetermined. He says he will "remain in the cabinet until after President or myself say I should resign."

GUILTY THE PLEA

Entered by Banker Orus M. Burns to Charge

IS GIVEN A SENTENCE

Of Seven Years In the Ohio Penitentiary.

He Will Be the Thirteenth Banker Confined In the Big Prison — Peculiar Methods Taken By Burns To Cover Up False Entries on Books—Facing Three Indictments.

Toledo, O., June 16.—Facing three federal indictments, containing twenty-one counts, the combined minimum sentence of which would mean a continuous penitentiary sentence of 195 years and a maximum sentence of 210 years, Orus M. Burns, the Montpelier, Ohio, banker, indicted by the federal grand jury for embezzlement, misapplication of bank funds, false entries and perjury, voluntarily entered a plea of guilty on one count in one indictment. District Attorney Sullivan estimates the shortage at \$12,000.

Judge R. W. Taylor sentenced Burns to serve seven years in the Ohio penitentiary and at 11 o'clock this morning Burns started for Columbus with Deputy United States Marshal P. H. Sells, to begin serving his time.

The three indictments against Burns cover the two last years of alleged mismanagement of the affairs of the First National bank at Montpelier, Ohio, which Burns has been cashier since its organization. The full amount of alleged shortages will perhaps never be known, so confused were the bank records.

The methods employed by Burns in making his false entries to cover supposed shortages was to reduce the total of loans and discounts thousands of dollars, by increasing the credits of the bank, by entering up fictitious notes as part of the bank's assets and by increasing the amount due from the reserve agents. It was not until a national bank examiner examined the records last fall that the real condition became known. His indictment followed.

Burns has for years been one of the most prominent residents of Williams county, where he was a leader in the social as well as the commercial world. Burns will make the thirteenth Ohio banker now incarcerated in the Ohio penitentiary.

UNDECIDED AS TO NUMBER OF ENVOYS

Representatives of Armies and Navies of Japan and Russia May be Included.

Washington, June 16.—The number of peace envoys to be appointed by Japan and Russia is still a subject of negotiation. The chances favor two or three, but there may be five. In case there is a larger number, the commissioners will, it is expected, include representatives of the armies and navies of the countries so that technical questions may be passed upon by experts.

It is practically certain that Japan will name, as envoys, Marquis Ito, president of the Privy council; Baron Komura, minister of foreign affairs, and if a third member is chosen, Marshal Yamagata, chief of the general staff.

On the Russian side the names of M. Molotov, the Russian ambassador to France, and Baron Rosen, the new Russian ambassador to the United States, are most prominently mentioned. It is presumed that Ito will lead the commission. English is likely to be the language used.

\$12,000 FIRE LOSS.

MUCH PROPERTY

Destroyed By the Torrential Fall of Rain.

Barn of J. W. Meek Is Struck By Lightning and Consumed, Loss Being In the Neighborhood of \$2,000—Fields and Farms Flooded and Small Stock and Poultry Drowned.

Pataskala, O., June 16.—

The little village of Etna, two miles west of this place, was visited by a violent rain and electrical storm Thursday afternoon, and for two hours the heavens seemed to have opened, letting all the water in the universe down on the farms within a radius of a few miles.

One large barn on the J. W. Meek farm north of here, was struck by lightning and entirely destroyed. The structure was one of the finest buildings in this part of the county, and contained large quantities of hay and grain, besides much fine farming machinery. All the live stock was rescued from the flames, but the machinery and other contents were a total loss. The property destroyed was valued at \$2,000 with \$1,500 or \$1,800 insurance.

About 3 o'clock in the afternoon, the storm broke and the rain fell in torrents. Every creek and run in the vicinity overflowed its banks and the fields were under water for several miles about the village. In a number of fields where water was never known to stand, it attained a depth of from six to ten feet. Young boys were swimming in cornfields in water over their heads.

Young chickens and pigs and other animals were drowned by the terrific downpour. The corn crop for miles around is practically ruined. An iron bridge east of Pataskala was torn from the abutment and carried several rods down stream. Many large trees were struck by lightning or blow down.

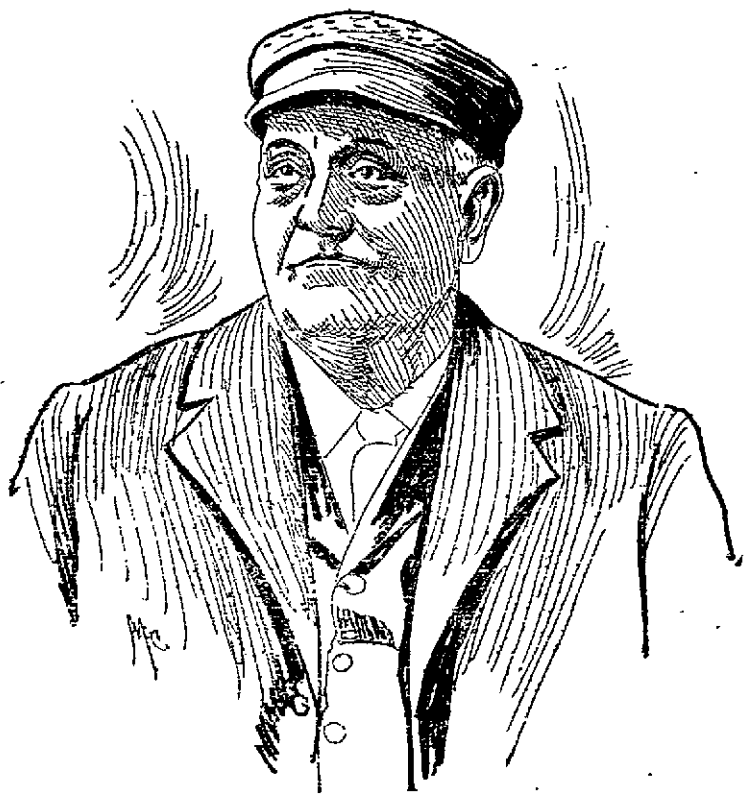

Many of the older inhabitants say that never in the history of the county has such a heavy rain fall occurred.

ABANDON THE SEARCH

Chardon, O., June 16.—The sheriff's posse and band of farmers, all heavily armed, after searching all day yesterday and last night in the woods of Russell township for three burglars who raided the home of John Seyler, abandoned the search this morning. It is believed the burglars escaped. The farmers, aroused by many recent robberies, were determined to shoot to kill and severe punishment will fall to the lot of burglars in the future. Every farmer and son in the county is armed.

SHOT AND FATALLY INJURED HIS WIFE

Dayton, O., June 16.—Mike Ryan, a railroad worker, shot and perhaps fatally injured his wife last night at the residence of her father where she had gone a week ago. Ryan called at the house and asked her to return to live with him. She refused and he drew a revolver and fired. The bullet took effect in the right shoulder, penetrating the lung. Ryan escaped.

the kitchen stove. A gas jet had been left burning in the dining room and when he opened the door leading into the kitchen, a terrific explosion followed, the kitchen being filled with gas that had escaped from a rubber hose leading to the hot plates.

The force of the explosion shook the entire building, and when Mrs. Buehler hurried down stairs she was horrified at the sight that presented itself. Mr. Buehler was found lying on the floor near the door, with his night clothes burned from his body and his entire body from his feet to his head had been burned, scarcely an inch having escaped the

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war, know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban Diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

REPRESENTATIVES

Of Russia at the Peace Conference.
Baron Rosen and M. Nelidoff.

St. Petersburg, June 16.—It is regarded as certain that two of Russia's representatives at the peace conference will be Baron Rosen, who has been appointed to succeed Count Cassini as ambassador at Washington, and M. Nelidoff, ambassador at Paris.

M. NELIDOFF.

The name of M. Witte, president of the committee of ministers, continues to be mentioned, but there is no evidence that the emperor will give him a brief to conduct negotiations. Considering his well known views against Russia's aggressive policy in the far east, the selection of M. Witte would be regarded as an assurance that peace would be the outcome.

Russians Sink German Ship.
London, June 16.—The German steamer Tetartus was sunk by the Russian auxiliary cruiser Don May 30, according to information received here. The Tetartus was on her way from Japan to Tientsin. The Tetartus belonged to the Ploersburg Steamship company. Her crew was landed at Batavia, Java. The Tetartus had no contraband of war on board.

NOT A CANDIDATE

Walter B. Richie Would Rather do Hospital Work Than be Governor of Ohio.

Lima, O., June 16.—Announcement was made today by C. D. Crites, ex-state chairman of the Democratic State Executive committee and a close friend of W. B. Richie that the latter had declined to have his name presented at the state convention as a candidate for governor. In stating his position Mr. Richie said:

"There is one question that is dearer to me and closer to my heart than any political preferment that might come to me, and that is the new state hospital. Since my friends so kindly presented my name to the public and gave me positive assurance that they could nominate and elect me governor I have been thinking, thinking seriously, and always my thoughts would revert to the hospital and to asking myself whether or not my candidacy might not militate against it and it was largely upon that question that I decided to refuse the urgent demands of my friends. To refrain from entering the gubernatorial race will leave me free as a member of the State Hospital Commission to devote myself to the hospital project, no matter which political party wins in the coming contest. The success of the project is worth more to me than official position, even that of being governor."

THE WEAVER REUNION

The Weaver reunion was held at Frank Hunter's home, Wednesday, two miles west of Brandon, Knox county, Ohio. There were 125 guests present, and all had a fine time. A sumptuous dinner was partaken of, and a number of the children delighted their listeners with speeches. Among the guests were three whose ages were over 80 years. The next reunion will be held at Frank Hunter's, one and one-half miles west of Brandon, the second Wednesday of June, 1906.

LIVE STOCK DROWNED.

Sparta, Ky., June 16.—Yesterday afternoon this hamlet was visited by a genuine waterspout, drowning live stock, washing houses from their foundations and doing much damage to the tobacco crop. Half the town was almost inundated the water being up to the eaves on some of the residences. This was caused by the railroad culvert south of town becoming clogged up by the debris. The downpour covered a radius of three or four miles and lasted only about 40 minutes.

ROADBED GAVE WAY.

San Francisco, June 16.—Yesterday the roadbed of the Southern Pacific railroad across the marshes of Suisan gave way at a spring 13 miles east of Benicia. For 200 yards the rails and ballast have sunk seven feet below the former level of the tracks. All material thrown into fill the gap disappears. Traffic over this section is indefinitely suspended.

BARLOW MINSTRELS.

"Do you ever become dissatisfied with traveling and the show business?" was asked of Mr. J. A. Coburn, the genial and well known manager of the Great Barlow Minstrels, which will appear here at Idlewild Park beginning Sunday, June 18. "There are few experiences in life," was the reply, "with which one does not become satiated, and satisfied that a change would be most acceptable. It is, however, an assured fact that the greatest pleasure to a manager who is fortunate enough to secure each season singers, performers and novelties which please his patrons, which receive from the press of the various cities in which he may tour, pleasant and creditable comment, as well as friendly encouragement from the friends and acquaintances which each year become more and more numerous as he returns for their further entertainment, is one of the greatest satisfactions and provides for him a never ceasing interest and desire to do even better. STATE NEWS

Delaware, O., June 16.—Hon. Frank M. Marriott declares he is not a candidate for the Democratic nomination for the lieutenant governorship. He said to the Advocate correspondent last night:

"The matter has never been mentioned to me, nor have I ever thought of being a candidate for lieutenant governor or for any position on the ticket this fall. While I have great confidence that our party will succeed at the polls this year and bring back Democratic supremacy in Ohio, I am not a candidate and will not be before the convention. I am much more concerned about whom our nominee shall be for governor than I am as to who our candidate shall be for lieutenant governor. What I would do if the convention should ask me to accept I do not know at this time prepared to say. I do not know what contingencies may arise between now and the convention but am quite sure that the contingency will not arise which will place me in the position of either accepting or declining to accept a nomination at the hands of the convention."

Plumbers Indicted.
Cleveland, O., June 16.—The investigation by the grand jury into the alleged combination of plumbers resulted in an indictment charging several well known men, said to be members of the "plumbers' trust," with violating the Valentine anti-trust law, which makes combinations in restraint of trade illegal.

Burglary the Charge.
Cambridge, O., June 16.—After being permitted to go free by the federal grand jury at Columbus, before which he appeared under a charge of robbing the postoffice at Hartford, O., William Engle returned here and was placed under arrest. The special grand jury here had indicted him for burglary.

Victim of Automobileists.
Cincinnati, O., June 16.—Jacob Marqua, the aged carriage manufacturer, who was found desperately wounded on a country road near Newport, Ky., is dead. The murder theory is now discounted by the police, who are working along the theory that Mr. Marqua was struck by an automobile.

Bride Swallows Poison.
Cincinnati, O., June 16.—Mrs. Lillian Fortwanger, 19, was found dying from carbolic acid poisoning in her apartment by her father. Her husband had several hours before filed suit for divorce.

Boy With Indian Notions.
Sandusky, O., June 16.—Lester Hunter, the 2-year-old son of Albert Hunter of Berlin Heights, was shot and probably fatally injured by Willie Mozier, 9, a brother of the tot's mother. When Mrs. Hunter left home to go shopping she tied her son to a chair, so that he could not crawl outside. Young Mozier was playing in the yard, and when Mrs. Hunter left the house he went inside and pulled a revolver out of a bureau drawer. He shot the child in the left eye. The bullet found a lodging place in the brain and death will result. The Mozier boy at first denied doing the shooting, but later admitted it. Several weeks ago, it is claimed, while playing Indian with his little nephew Mozier came near seriously injuring him with a big butcher knife.

Veteran Ohio Editor.
Akron, O., June 16.—Samuel Alanson Lane, 89, the most widely known citizen of the county, died here of old age. Lane established the first newspaper ever printed in Akron, the Akron Buzzard, a semi-monthly publication, being produced in 1837. He was later editor and proprietor of the Cascade Roarer, and also editor-in-chief of the Summit County Beacon for many years. He was twice sheriff of Summit county, and served as mayor one term, being elected in 1881.

Check Worker Identified.
London, O., June 16.—William Moller, who was taken into custody by the London police on the charge of beating a board bill at South Charleston, O., has been identified as R. S. Carts, a professional check worker and an escaped convict from Frankfort (Ky.) penitentiary. He attempted to pass a forged draft on the bank of South Charleston for \$2,200 and also tried to work off a bogus check on one of the London banks.

Asylum For Criminal Insane.
Columbus, O., June 16.—The proposed asylum for the criminally insane, to provide for which a bill is now being drafted by H. H. Shiver, secretary of the state board of charities, to be introduced at the next session of the legislature, may, if the plans be carried out, be built in connection with the proposed new penitentiary. To provide for the latter a bill will be introduced at the next session of the legislature.

Barber Again Indicted.
Cambridge, O., June 16.—Herbert O. Barber, vice president of the defunct Commercial bank, was indicted by a special grand jury for larceny and embezzlement on four counts. After the bank failed he disappeared, but came back, was convicted and sentenced to three years. Governor Herrick granted a reprieve and the case was reversed on error. Barber is now under \$21,000 bond on several charges.

BOSTON GENIUS

Placed Live Wire on Back Fence and Cats Had a Surprise—Detective Solves a Mystery.

Detective Charlie Newell of the East Dedham street police station, has solved the three weeks' mystery of the "Jungle," as this South End district has come to be known, because of the numerous experiences the officers have had with creatures, such as swarms of bees, bears, raccoons, opossums and crows, says the Boston Herald.

For nearly a month people have poured into the station with complaints for Captain Olator, whom they begged to rid the district of some beast that had disturbed their slumbers. Policemen have worked day and night in search for the prowler, which uttered shrill screams. Finally the cause of the disturbance was found in an alley extending between the rear of the houses which line Pembroke and West Newton streets. People living there noticed that the cats walked along the fences, stopped suddenly, screamed and toppled over as if dead. After a time they would recover and limp away, but never mount this fence again. It was finally decided that the screams of these afflicted cats were the horrible noises which had terrified the neighborhood.

Captain O'Lator next received the complaints of those who sympathized with the suffering kitties, declaring the animals were being mercilessly tortured.

Yesterday Detective Newell, digging about in the alley in the rear of the houses at 130 Pembroke and 149 West Newton streets, discovered a very fine and innocent appearing copper wire. He traced it and found one end was attached to an underground conduit and it extended along the top fence rails on either side of the alley. It was bared to the soft "footsies" of the kitties which perambulated along the fence rails and sang midnight serenades. When they stepped on the wire their songs ended with a wild scream and they fell to the ground as if dead. Newell tore up the wire.

It was believed the man who invented and rigged the contrivance must be an electrician, but the police declare that he is a musician whose keen ear resented the midnight screams of the cats.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It attacks itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

OLD PEOPLE

Their Pains and Ailments

Any taint of the blood quickly shows itself with old people, and troubles, which a younger, more vigorous constitution holds in check, take possession of those of advanced years. A mole, wart or pimple often begins to inflame and fester, terminating in a sore that refuses to heal. Wandering pains of a rheumatic character are almost constant, the joints get stiff and the muscles sore, while sleeplessness and nervousness make life a burden. The natural activity of the body is not so great in old age and all the organs get dull and sluggish, failing to carry out the waste matters and poisons accumulating in the system and they are taken up and absorbed by the blood, rendering it weak and unable to properly nourish the system. There is no reason why old age should not be as healthy as youth if the blood is kept pure and strong. S. S. S. is purely vegetable and is the safest and best blood purifier and tonic for old people, because it is gentle, but at the same time thorough, in its action, purifying the blood of all poisons and foreign matter, strengthening it and toning up the entire system by its fine tonic effect. Almost from the first dose the appetite increases, the general health begins to improve and the pains and ailments pass away.

I had a severe attack of La Grippe, which left me almost a physical wreck. To add to my wretched condition, Rheumatism developed. In a short time after beginning S. S. S. I was relieved of the pains and have gained in flesh and strength and my general health is better than for years. I heartily recommend S. S. S. for all blood diseases. Union, S. C. B. F. GREGORY.

CHAS. SCHMIDT ALIAS OF HOCH

WHEN THE MODERN BLUEBEARD RESIDED IN THE CAPITAL OF OHIO.

Was Well Known by Several Who Had Business Relations With Him. Wedded Columbus Girl.

Columbus, O., June 16.—When Johann Hoch, the modern Bluebeard, who is now awaiting execution in the Chicago jail, for the murder of one of his many wives, resided in Columbus, he was in the city for several months of 1901. He visited Columbus and remained in the Capital City for several weeks. During that time he lodged about Kropp's hall and became acquainted with many South Side people, under the alias of Charles Schmidt.

It was during this time that he was courting a Columbus young woman, and finally succeeding in securing her promise of marriage. The Rev. Mr. Thompson performed the ceremony, and very soon thereafter Hoch, or Schmidt, as he was known, secured possession of \$100 of his bride's money and disappeared.

In the meantime, however, he had also obtained possession of a grey mare and buggy, which he sold to Henry Yahn, now a prosperous grocer, whose establishment is now located at South High and Mithoff streets.

He was in a hurry to make the sale, and Mr. Yahn, who had just gone into business that day, drew his first check in payment for the outfit. It was on the 13th of the month, but that fact has not brought him any bad luck. Later Mr. Yahn sold the horse to a Mr. Foster, at Worthington, but he still has the buggy, and states that he would not take any amount of money for it.

The woman to whom Hoch was married, is now the wife of Frank Lenhart, who lives on Beech street in Newark. She married Mr. Lenhart long after he was divorced from Hoch, or Schmidt, the decree having been granted in the courts on the grounds of desertion.

Mr. Yahn recognized in the pictures of Johann Hoch some one whom he had seen, and he has long endeavored his brain to recall when and where he had met the man. Thursday morning he suddenly recalled the horse deal, and going over a great stack of old cancelled checks he finally found the little piece of paper, till bearing the war revenue stamp, with which he had paid "Schmidt." The signature of the Bluebeard is written on the back in indorsement. It is also among Mr. Yahn's most valued relics of his business experience.

Let Jeff Davis Rest.

It is to be regretted that the veterans of the late Southern Confederacy see fit to rake from the ashes of the dead past any such ghastly apparition as the alleged shackling of Jeff Davis. It was 40 years ago that the event which the men who wore the gray condemn, happened. What boots it whether or not Jeff Davis was shackled? He's dead now and so is secession, the tenet for which he stood and which more than any other man he embodied in his personality. No amount of resolving on the part of the gallant men who followed the fortunes of Davis and the ill-starred Con-

**FRAUD ENGINEERED
BY SHREWD YANKEE**

London, June 16—H. J. Meyer, who engineered the deals with the South African War Stores department, exposed so sensationally in the report of Sir William Butler's committee, hailed from St. Louis, as extracts from the evidence of the leading witness before the committee show:
"Meyer is an American from St. Louis," the witness testified. "He is a son of a chemical manufacturer and went on to South Africa in connection with a cold storage company. I don't know in what capacity. Then at the end of the war I found him in Pretoria, he was managing director of the Meyer company, limited."
The report shows that Meyer's transactions with the department, but long from it and selling them back to it, brought him at one time \$16,000 per day. It is understood that he is concealing some more important finances whose identity the committee report they were precluded from ascertaining by limitations placed upon the inquiry by the war secretary.

Just What Everyone Should Do.
Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

TEAM RUNS AWAY
Clarence White Has Exciting Experience—Is Injured but No Bones Are Broken.
A bad runaway occurred about 4:30 o'clock on Thursday evening. Mr. Clarence White, driver of the fine team of sorrel horses belonging to Mr. John Kiefer, had left the animals in front of Mr. Kiefer's bottling works unattended, when they frightened at a passing engine and ran away.
Mr. White ran in front of the horses and attempted to stop them, when he was knocked down and the heavy wagon passed over him, badly bruising him, but fortunately no bones were broken.
The frightened animals finally ran into a pile of old stores in the rear of D. T. Cole's pawn shop on Second street, where they were stopped. One of the horses was slightly injured by having his legs skinned. Aside from this no damage ensued.

CROP CONDITIONS

Washington, June 16—The weather bureau's weekly summary of crop conditions follows:
The lake region and a part of the upper Mississippi valleys have suffered from heavy rains while the southern states and the southern portion of the central valleys are beginning to experience the effects of droughts. As a whole, however, the weather was favorable for the cultivation of crops. There was ample warmth throughout the central and southern portions of the country, but insufficient heat in the extreme northern districts, especially in New England, Minnesota and the Dakotas. Throughout the Rocky mountain and Pacific coast districts the week was generally favorable.
In the lake region and upper Ohio valley the condition of corn is not promising, owing largely to unfavorable and excessive moisture, but in the states of the lower Ohio, upper Mississippi and Missouri valleys the crop has made good progress and, as a rule has shown decided improvement. In portions of the central and west gulf states, corn would be benefited by rains. In the middle Atlantic states cut worms are proving destructive. Winter wheat harvest has begun as far north as the central portions of Kansas and Missouri and southern Illinois and is in full progress in the more southerly sections, where the yields are generally disappointing. In the more northerly portions of the principal wheat states the crop has generally done well, although complaints of rust and insects continue in some sections, and heavy rains in Michigan and Wisconsin have caused lodging. On the Pacific coast the outlook continued promising, exceptionally so in Washington. A general improvement in the condition of spring wheat in Minnesota and the Dakotas is indicated, although in the two last named states some fields continue thin and weedy. Spring wheat is also doing well on the North Pacific coast, the outlook in Washington being the best in years.
Oats have suffered from heavy rains in the upper lake region and from lack of moisture in southern Illinois, otherwise the reports respecting this crop are generally favorable. Harvest is general in the southern states, with disappointing yields in Texas and Oklahoma.
The weather conditions throughout nearly the whole of the cotton belt have been favorable for cotton.

BURIED TODAY
Nothing further has been heard regarding the exact identification of the man who committed suicide at the jail. Consequently the body will be buried today.
Thursday a man giving his name as G. W. Kelley of New Castle, Pa., called at the morgue and stated that he thought the body was that of his brother, but later stated positively that it was not.

The Powers, Miller & Co.
NEWARK'S BIG DEPARTMENT STORE

NOT YET READY FOR HOOSKIRTS

RIOT ALMOST CAUSED IN PITTS-
BURG BY TWO YOUNG WOMEN
WEARING THEM.

Police Are Called to Re-train the Mob
and Maintain Order—Girls Are
Frightened.

Pittsburg, Pa., June 15.—Pittsburg is not yet ready for hooskirts. Yesterday afternoon the appearance on the streets of two young women wearing them blocked a street for half an hour, suspended business in a department store, almost created a panic, caused many men to suffer from stiff necks and necessitated assistance from a detachment of police before the young women could reach the safety of their carriage.

The venturesome members of fashion were Miss Genevieve Tucker of 4261 Fifth avenue, and Miss Henriette Herbert, of 22 Stanwicks street. The two young women reached the center of the shopping district in the carriage of Miss Tucker, and there was nothing about their appearance so long as they sat still in the carriage to excite comment. But when they alighted the trouble started. They tried to enter the store doors at the side entrance of the store, but could not get through. Then they went to the front, and in the meantime a great crowd had collected, blocking the street car tracks and stopping traffic.

Once they were inside the store the girls stopped their work, left their customers and joined the throng. The floor walkers got mad and requested the young women to retire. They tried to, but couldn't. Their hoops, which were not the modern three-coil leather bone skirts but regulation crinolines, interfered. The house policeman was called, but was powerless. In desperation he went to the street and blew his whistle. Two other officers responded and with drawn clubs they made an opening through which the girls passed.

Several thousand people watched them as they got into their carriage. It looked like a balloon going up. One old woman who wore hoops years ago declared that, in addition to pretty stockings, the girls wore pantiettes. The police officers got into the carriage with the young women, who were driven around side streets until the crowd of several thousand people was lost. The girls were badly frightened and promised not to do it again.

HOWARD COLLINS

In Serious Condition and His Wife Is
Notified—He is at Present in
Denver, Colo.

Mr. Howard Collins, well known and about 39 years of age, residing near Newark for a number of years, and who during the last month has been on the Pacific coast for his health became seriously ill at Denver, Colo., on his way home. His wife was notified at once and prepared to go to Denver. She received a message last Friday, June 9, telling her that her husband's condition was much improved and that it was not necessary for her to come.

On Thursday, June 15, word was again received stating that Mr. Collins' mental condition was serious and that insanity was feared.

The clerk of the court received a message requesting him to send for Mr. Collins at once. His wife was notified and she at once wired for his return to this city.

Mr. Collins' many friends will be sorry to learn of his condition. He has been in poor health for some time (his home is south of the city).

Special Excursion to Sandusky (Cedar Point) June 12.

On Sunday, June 12th, the Baltimore & Ohio railroad will sell excursion tickets to Sandusky, O., at rate of \$1.25 for the round trip. Train leaves Newark at 6:59 a. m. Returning train leaves Sandusky at 6 p. m. Numerous attractions at Cedar Point, including band concerts, vaudeville show, boating and bowling. Finest bathing beach in the country.

MRS. HOYT MADE ONLY SIX WILLS

EACH TIME MAKING DIFFERENT
DISPOSITIONS OF HER LARGE
ESTATE.

Sensational Testimony as to Her Peculiarities Are Introduced in
Noted Case.

Tiffin, O., June 16.—The fourth day of the suit to contest the validity of Mrs. Hoyt's probated will was even more interesting and sensational than ever. It was marked by the introduction of no less than five alleged wills of the deceased woman, making in all six now in evidence. It is rumored that still others were made and by her afterward destroyed. These wills were all made between November 27, 1900, and September 9, 1902, and disposed of her property in almost every conceivable manner.

At one time she makes her husband Reuben M. Hoyt, her chief legatee, in another it is an Episcopal church in New York City, again she favors her half brother, Rufus Gus, and in another will the sister, Mrs. Eva Hill, is to receive her property, while in others the chief beneficiaries are her nieces and nephews. In all of them, however, she invariably makes ample provision for her dogs, cats and horses, while in several of the documents Judge Bunn is remembered with \$50,000 legacies for services rendered in one of the instruments she has written across this clause in her own handwriting: "Void. Paid in full."

The inordinate and almost insane love of this woman for horses was brought out in the testimony. It was testified to that one the occasion of the death of a favorite horse she threw herself upon its prostrate body and kissed it passionately while the blood from its nostrils spurted over her face. She caused a walk of concrete to be laid about the grave of her horse, which she visited daily, rain or shine.

The dissipated habits of the woman and her conduct with the servants were brought out more fully. One former servant testified that the woman drank eight quarts of champagne and one quart of brandy a day. Upon one occasion she ordered the maid to serve her four dinners in one evening. When the servant rebelled Mrs. Hoyt threw her fork at her. On the other hand, she persisted in associating with the servants and making them her equals. It was said on the witness stand that the woman was accustomed to walk about the spacious grounds in company with a colored servant, and with their arms entwined about each other.

Some idea of the luxurious style of her establishment is gained from the testimony of Frank H. Lang, an artist and bric-a-brac connoisseur, who was hired by her at an extravagant salary to regild her furniture. He stated that some of the furniture cannot be duplicated in this country, having been collected in Switzerland, and that the pictures covered her walls, some of which he valued at \$50 a yard. The inordinate love of the woman for her dogs was also explained by this witness, who is a dog fancier. He stated that Mrs. Hoyt had a better knowledge of the fine points of a well bred dog than any person he had ever met.

What may be an intimation of a hitherto unsuspected line of attack to be carried out by the plaintiffs was sprung in the testimony of Mrs. Hoyt's old gardener. He stated that he had been informed during the illness of the woman that there was to be an operation performed. He further stated that after the woman's death he assisted in burning her sheets. His death certificate states that she died of pneumonia.

MEAT SHOP FIRE OF MYSTERIOUS ORIGIN

An alarm of fire sent in from box 12 at 2:55 o'clock on Friday morning called the Central fire department to the meat store of O. C. Harter, corner of Tenth and Locust streets, and owned by Mr. Edward Ferguson. The fire caught behind the refrigerator in some mysterious manner. It was quickly extinguished, however, with small loss. A singular fact in connection with this fire is that about two months ago the department was called to extinguish a fire in the same place. The origin of the fire is a mystery.

HOT PLATE BLAZE ON MAPLE AVENUE

About 2:30 o'clock on Friday morning an alarm of fire from box No. 4 called the Central fire department to the residence occupied by Mr. Paul H. Esch, corner of Leroy street and Maple avenue. A fire had broken out in the kitchen, caused by the hot plate connecting the hot plate being disconnected and the gas valve fire. The flames were quickly extinguished with a few buckets of water, but before the furniture and workbench had been completely scorched. The loss is small.

Mrs. Baldwin has purchased the H. C. Bowman restaurant.

Miss Ethel G. Wood is visiting in Alexandria.

Mr. Howard Howell, Mrs. H. S. White and son, Herman, of High Hill, are guests of Mr. and Mrs. D. F. White.

Mr. Jeffries who has the East Newark restaurant, after closing Thursday evening at 10:30, heard some one trying to enter the store, but on investigating found they had broken open the slot machine. Mr. Jeffries saw the men run down the street, but could not identify them. Fortunately the machine had been cleared of its contents so the would be robbers found it empty.

MAKE A PORCH A SUMMER RESORT.

Vudor Porch Shades

Vudor shades add another room to your house. A delightful cool, breezy room, where the whole family can practically live during the heated season in comfort. Vudor shades afford just the seclusion you desire. A shade suitable for a porch should temper the sun's heat and admit whatever breeze may be astir.

Vudor shades do both—No other shades do. Then, in addition, if the shades will screen your porch from the inquisitive gaze of passers-by, yet permit you to see the outside scene, you have perfect shades. Vudor shades—no other shades do.

BIG MUSCALONGUE

Part of Consignment of Fish Sent
Home from St. Clair by Messrs.
Newton & Kuster.

A big consignment of fish from the
two Isaac Waltons, Messrs. J. H.
Newton and Joseph Kuster, who are
now fishing at Pearl Beach, St. Clair
Plais, Mich. was received here Friday
morning. One immense muscalongue,
caught by Mr. Kuster, measured 27 1/2
inches in length, and weighed 23
pounds. This will be served at dinner
tomorrow at Kuster's.

Mr. Newton's share of the catch was
six bass, weighing from one to five
pounds, and one three pound pike. The
two fishermen are having the time of
their lives, and all they fear is they
may be served with an injunction from
emptying the flats of their finny in-
habitants.

BEECH ISLAND CLUB

Enjoys Its Annual Outing at Buckeye
Lake Park on Thursday
Afternoon.

The Beech Island Club, thirty strong
enjoyed their annual outing at Buck-
eye Lake park Thursday afternoon.
The event is an annual occurrence,
the club being composed of many of
Newark's prominent business men. At
the spacious club house on Beech Is-
land the party was entertained during
the morning, lunch being served about
10 o'clock by Caterer T. W. Kirk, who
later prepared an elegant course din-
ner which was served about 2 o'clock.
No other party ever sat around a
heavily laden table than was served
in front of the Beech Island club house
yesterday. Today the entire party is
in gloom over the terrible death of one
of their number. Thelma Eadie, who
was burned to death this morning, was
one of the members of the club and
was one of the party at the outing yes-
terday.

WEDDINGS.

HUGHES-BROWN

Wedding, Pretty Nuptial Event Cele-
brated Thursday Evening at First
Presbyterian Church.

The First Presbyterian church last
evening was the scene of a most beau-
tiful wedding, when Miss Alice Brown
became the wife of Mr. J. Garfield
Hughes, the youngest son of Mr. and
Mrs. John R. Hughes of South Fifth
street.

Promptly at 8 o'clock, to the strains
of Mendelssohn's wedding march,
skillfully played by Mrs. L. S. Boyce,
the bridal party, consisting of little
Alta Sherburne, a niece of the bride,
acting as ring bearer, Miss Minnie B.
Hughes as bridesmaid, and Gideon W.
Lippincott as best man, followed by
the bride and groom, slowly marched
up the center aisle to the altar where
the pastor, Rev. L. S. Boyce, in the
presence of the immediate family and
a number of friends, pronounced the
solemn words that united them in the
holy bonds of matrimony.

The bride looked charming in her
gown of white silk, carrying white ros-
es, while the bridesmaid wore white
organdy and carried crimson roses.
The groom wore the conventional
black.

Both of the young people are very
popular in this city. Mr. Hughes hav-
ing graduated from the Newark High
school in the class of '01, and is now
the efficient bookkeeper for the P.
Smith Sons' Lumber company, while
his estimable wife, who is a sister of
Mrs. Ned C. Sherburne, has for the
past four years been a valued employee
of the Bell Telephone company.

Immediately following the ceremony
the young people amid a shower of
rice from the class of '01, repaired to
the home of the groom where a boun-
tiful wedding supper was partaken of.
The house was decorated throughout
by Mr. Lippincott, with laurel, smilax
and daisies, the color scheme being
green and white, while at the bride's
table a large bell of daisies and smilax
was suspended from the ceiling.

At the bride's table were seated the
bride and groom, Miss Minnie B.
Hughes, Mr. G. W. Lippincott, Mr. and
Mrs. J. R. Hughes, the parents of the
groom, Rev. and Mrs. Boyce, Miss Hat-
tie Rose and Mr. Orie Vanatta, Miss
Daisy B. Hughes, Mr. F. S. Horner,
Miss Edith Hughes, Miss Harriet Jones
and Miss Eunice and Jessie Hughes,
sisters of the groom.

Mr. and Mrs. Hughes will reside
with the groom's parents until their
new home, now being erected on
Woods avenue, is completed.

The heartiest congratulations and
best wishes of their legion of friends
go with them throughout their mar-
ried life.

IN FIELD OF SPORT

Akron, O., June 15—In a large mea-
sure the last two defeats of the locals,
both shut outs, were atoned for today
by an 8 to 0 victory over the fast New-
ark team. Cy Voorhees pitched for
the visitors. When hits were needed
Cy was found as is shown by the re-
cord of all but three of the locals who
reached first, scoring. To mix up Cy
threw an occasional slow one. The
slow ball was his undoing, for every
one that came near the plate was put
out of reach of the fielders. Newark
plays here Friday and Saturday. At-
tendance 400. The score:

Zanesville, O., June 16—The Morgels
were merciless in their treatment of
Earl Beverly here yesterday afternoon
and he was bumped for 22 hits netting
as many runs. Eight errors behind
the former Columbus A. A. pitcher aid-
ed in the run getting. Lucas was more
effective and allowed but five hits. Six

INDICTMENTS ANTICIPATED

Grave Charges Against Prominent Men Made Before Grand Jury.

GREAT SCANDAL AT CHICAGO

History of the Dealings Between Employers and Union Labor Leaders Recited by Former Secretary Driscoll of the Coal Team Owners' Association—State's Attorney's Talk.

Chicago, June 16.—Sensational disclosures have been made before the grand jury by John C. Driscoll, former secretary of the Associated Building Trades and Coal Team Owners' Association of this city. Driscoll revealed the entire history of the dealings between employers and union labor leaders, particularly that branch of union labor represented by the Chicago teamsters' union. State's Attorney Healy declared that the bribery and conspiracy charges dropped into comparative insignificance beside the accusations which have been brought to the attention of the grand jury. The state's attorney said: "More serious offenses have been committed than bribery and conspiracy, and the evidence presented to the jury has been of an extremely sensational character. It is very important and will lead to startling results. The names mentioned by the witnesses are those of prominent men on both sides." Over twenty of the prominent business men of Chicago, together with leading members of the bar, will appear before the grand jury. Subpoenas for them have been placed in the hands of private detectives employed by the state's attorney. Charges of a serious kind are said to figure in the evidence in connection with which these men have been summoned.

John C. Driscoll was made the chief witness before the grand jury, and recited what he called the history of the dealings between employers and union labor. Driscoll told how the coal teamsters and coal team owners had made the first joint trade agreement, which provided that the owners should employ only members of the coal teamsters' union and that the members of the union should work for no employer not a member of the Coal Team Owners' association. The effect of this arrangement, the witness declared, was to force every coal wagon owner into the Coal Team Owners' association and every coal wagon driver into the teamsters' union. The owners behind this provision that barred union drivers from working for men not members of the association and prevented nonunion drivers from driving coal wagons raised the cartage rates of coal from 30 to 50 cents a ton for short hauls and to as high as \$1 a ton for longer hauls. Driscoll took before the jury several checkbooks which, together with the canceled checks, are expected to prove many of the charges made by him against business men and labor leaders.

It was learned that one of the statements made by Driscoll to the jury was that President Shea of the teamsters' union accepted \$8,000 at the time of the stockyards strike last summer. This strike began July 12 and lasted nine weeks. About 26,000 men were thrown out of employment and millions of dollars were lost by the packers in business and by the men in wages.

Blow Dealt the Organization.
Philadelphia, June 16.—Another blow was dealt at the Republican organization when the street railways committee of councils referred to that body the bills repealing the ordinances granting to the Philadelphia Rapid Transit company franchises for 110 miles of streets without payment to the city. The ordinances granting the franchises were passed over Mayor Weaver's veto, and at his instigation the repealers were introduced. The company made the claim that the passage of the first bills gave the corporation the right to the streets, and that the ordinances could not be legally repealed.

Three Girls Drowned.
Brandenburg, Ky., June 16.—The Misses Hallie, Fanny and Annie Belle Booth, daughters of Dr. Grant Booth, were drowned while bathing in the Ohio river near Crockett, Ky. Miss Annie Belle had become exhausted, her sisters swam to her rescue, and in her frenzy the former drew both her sisters down. The bodies of Hallie and Fanny have been recovered.

Franklin Thomasson, a descendant of John Bright, will shortly start a new penny daily newspaper in London to represent the Liberal party. The paper will be called the Tribune. It will have \$1,500,000 behind it and the new enterprise obviously betokens belief on the part of its backers that the Liberal party will be returned to power at the next general election.

Harold Speed, the London artist, is pleasantly cynical and witty in speech. One of his sayings is: "No gentleman (in the ordinary acceptance of the word) should be an artist, for either the gentleman or the artist must suffer." Another favorite observation of his: "Look a fool, but don't be one." Mr. Speed is a bit of a dandy, but everything about him betrays the artistic temperament.

CURIOUS WILL

Philadelphia, June 16.—The will of Charlotte D. Sage, just admitted to probate, brings to light one of the most curious clauses ever contained in a document of this kind. The estate was valued at \$350, and the will disposes of it in this wise:

"I bequeath to my beloved sister Fanny the premises to allow my father, Benjamin F. Sage of beloved memory, all the cigars he wants and also all the vests he likes to wear in winter all my personal property and real estate I do possess and to which I shall be entitled at the time of my decease."

FULLY JUSTIFIED IN WHIPPING HIM
Allon, Ill., June 16.—Any man is permitted to whip, and whip thoroughly—if he can—any other man who is attempting to steal the affections of his wife. Such in substance was the decision given by Police Magistrate Rose Thursday. The evidence shows that George Winters, charged with assault and battery, met Wm. Evans, a former admirer of Mrs. Winters walking along the street with her. Winters whipped Evans. Justice Rose then fined Evans.

Crippled Husband's Deed.
Chicago, June 16.—Jacob Hart, who lost both legs and an arm in a railroad accident, and who acquired the idea that in consequence his wife no longer cared for him, shot her dead and finally wounded himself. The couple, who are negroes, leave two children.

CHAMPION FREAK SHOT

Millionaire is the Best Fancy Marksman in the Country—Shoots for Love of Sport.

Coleman K. Sober, manufacturer, lumberman, stock raiser and millionaire, is the champion fancy marksman of the United States, says the Seattle Post Intelligence.

Until recently Mr. Sober had a standing offer to most any gentleman marksman in the world in his peculiar style of shooting. In the past 20 years he has rejected all offers of inducements to enter the professional field, but he has never for a moment considered such offers. His reason of course is obvious. He is wealthy and beyond the need of becoming a professional, besides he shoots solely for love of the sport.

Mr. Sober is noted as a hunter all through Central Pennsylvania, in whose recesses large numbers of bear, deer and wild cats are still to be found. For weeks during the open season he will desert his office, abandon the industries with which he is connected, and seeking the seclusion of the forests or mountains, accompanied usually by his friend, Mr. R. H. Warren, dairy and food commissioner of Pennsylvania, another noted sportsman, will spend a large portion of the hunting season in rustic constructed camps far from the haunts of men.

Some time ago Mr. Sober at the request of personal friends, gave a private exhibition of his personal skill as a marksman. Less than a dozen persons were present, and the exhibition took place at Mr. Sober's country place near Lewisburg, Pa.

The farm hands brought from the mansion and stable a motley collection of articles, including soap boxes, powder kegs, flour barrels and a drawing room card table. Holes had been bored through the boxes and other paraphernalia of sufficient size to admit the barrels of his gun. A trap containing a number of birds was placed at a distance of 50 yards.

Mr. Sober sights by instinct. It would be impossible for him to sight the regular way for two reasons; first the various obstructions placed on the barrel of the gun would effectually prevent it, and second, he almost invariably fires from the hip.

His first feat was to push the barrel of his gun through two holes in an empty powder keg. The keg was nine inches in diameter. At the word the trap was sprung and a bird fell before it got 10 feet. The second shot was with the soap box, 18 inches square and 2 inches long, on his gun. Two birds were brought down. Then followed in rapid succession exhibitions of firing with an empty flour barrel on the guns; through the flour barrel with a powder keg balanced on top, and a number of fancy shots with his back to the trap and sighting by the aid of a mirror.

The difficulty of the latter feat can be appreciated by sportsmen. It is no uncommon thing to see professional marksmen on the vaudeville stage or with traveling shows, crack china eggs and similar objects with a mirror sight, but aiming at a trap with a bird which is liable to take any one of half a dozen directions as a target makes the vaudeville act appear very trifling in comparison.

The two most difficult feats which Mr. Sober accomplished, and he had practiced no fancy shots for months, was that of killing a bird with his gun, piercing a flour barrel and the weapon held trigger upward at arm's length above his head. The other was killing two birds with the card table resting across his gun and with the flour barrel and soap box balanced on top of it. Speaking of his feats Mr. Sober says:

"My ability to make difficult and unusual shots is, I think, a matter of heredity. My parents were pioneers in Central Pennsylvania. My father was a gun maker and my mother was in her day a noted shot. Whether gunning in the forests or making fancy shots such as you have seen I aim by what you would call instinct."

"Of course, it is a matter of angles, parallels and elevation, but I seem to know just how to hold my gun without the necessity of sighting along the barrel. Even when on a hunting expedition it is a rare thing for me to raise my gun to my shoulder. I usually fire with the weapon at the height of my waist."

AGREEMENT EXECUTED

Thomas H. Ryan Meets the Trustees of the Equitable Stock.

PROCEEDINGS MADE PUBLIC

Two and One-Half Millions Paid For the Holdings of Vice President Hyde—Grover Cleveland Appeals to Policy-Holders, Who Will Select a Majority of the Board of Directors.

New York, June 16.—A meeting was held here of the trustees of the Equitable Life Assurance society stock, formerly owned by James H. Hyde. The trustees are Grover Cleveland, Justice O'Brien of the state supreme court and George Westinghouse of Pittsburgh. After a conference with Elton Root and Paul Cravath, Thomas H. Ryan was sent for and a trust agreement was executed. Mr. Cleveland was elected chairman and George F. Parker secretary. At the conclusion of the meeting the trust agreement, with a letter from Mr. Ryan to the trustees and an appeal from Mr. Cleveland to the policy-holders, were made public. Mr. Ryan's letter announces his individual ownership of a majority of the stock, and says he paid Mr. Hyde for the 502 shares the sum of \$2,500,000.

The agreement between Mr. Ryan and the trustees practically outlined the authority of the trustees in voting the stock, and gives them full control over the 502 shares they represent. The agreement recites that whereas the directors have adopted a plan for the mutualization of the society, 28 should be elected by the policy-holders and 24 by the stockholders. Mr. Ryan agrees that the existing certificates for the 502 shares of stock shall be canceled, and certificates therefor shall be issued to the trustees, according to the terms of agreement. The document stipulates that the trustees "are exclusively authorized to exercise the voting power on the stock held under the agreement for the election of directors of the society, and shall, at every annual election of directors of the society, so vote on said stock that out of every 14 persons for whom such vote shall be cast seven shall be policy-holders of the society, and the remaining six directors shall be selected by the trustees in their uncontrolled discretion, to the end that of the entire 52 directors 28 shall be policy-holders of the society, selected by or on behalf of the policy-holders, and 24 shall be lawfully eligible persons selected by the trustees in their sole discretion."

The appeal of Mr. Cleveland to the policy-holders reads:

It is provided in the instrument transferring the stock to us that we shall vote for seven out of the 14 directors to be chosen annually from the holders of policies of insurance in said society, and that these shall be designated by an election of their choice on the part of the body of all policy-holders whose policies have been in force at least one year. The selection of the six remaining directors to be elected each year is left to our discretion and judgment as trustees. This plan will result in finally giving to policy-holders the privilege of choosing 28 of the 52 persons who will constitute the board of directors.

It is also provided by said instrument of transfer, as a means of informing us of the choice which the policy-holders may make, that the directors elected to their selection, that said policy-holders shall express their wishes to us on this subject by sending to our address annually before the first day of November, at the office of the Equitable society, 120 Broadway, New York, a written designation of the persons whom they desire to have elected as directors.

We especially request all policy-holders entitled to exercise this privilege that they make their wishes known to us within the time and manner mentioned. In order that the plan inaugurated for their policy-holding directors may speedily reach the numerical proportion of the entire board, which is contemplated, we have determined at an early date to recommend policy-holders to be elected by the board to fill existing vacancies. We therefore urge policy-holders to notify us at once of their preferences in regard to these vacancies.

Three specters that threaten baby's life, cholera infantum, dysentery, diarrhea, Dr. Fowler's Extract of Wild Strawberry never fails to conquer them.

ROYAL ARCANUM

Trouble Grows and There May be a Split in That Well Known Insurance Order.

New York, June 16.—Reports show that several Royal Arcanum councils in the country have appointed committees to investigate the new rates recently promulgated by the supreme council of the order. It is declared that a strict investigation should be made as to the reasons of the increase of rate and an explanation asked of the supreme council. The supreme council representatives in this city are endeavoring to make any explanation of the increased rates.

A council to form a new order, to be known as the American Arcanum, was organized at a meeting of Elton Root, Brooklyn, last night. A resolution was also adopted unanimously to compel the supreme council to reduce a special meeting and to suspend the order for twelve months. It is also reported that the order is in a state of active investigation, and that the order is in a state of active investigation, and that the order is in a state of active investigation.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It expresses itself to hold water and swelling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists and chemists everywhere. You may have a sample bottle of this wonderful discovery, and a book that tells more about it, both sent absolutely free by mail.

Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the 1000 Secretary Road, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

TRIFLED WITH HER AFFECTIONS

AND HENRIETTA HALL HAS EDW. WYKER ARRESTED FOR HIS INDISCRETION.

Went to Fredericktown to Attend His Funeral and Found Him Living and Married.

Mr. Vernon, O., June 16.—A sensational case developed here this morning when Edward Wyker, a prominent citizen of Fredericktown, and a son of William Wyker, one of our wealthiest men of the county, was brought here by Chief of Police Donnelly. Having been arrested in Mansfield on the charge of false pretenses to an unmarried woman, the charge having been filed by Henrietta Hall, aged about 22 years, of Guernsey county.

Wyker was taken to Fore Mayor Gorshall, where he entered a plea of not guilty, and the hearing was set for Saturday afternoon at 1 o'clock. He was required to give bond in the sum of \$400 for his appearance, which was furnished by his father, William Wyker, and his attorney, Frank McKee.

It seems that Miss Hall was visiting friends in Newark some time ago when Wyker was introduced to her by a young college student of Wooster. Wyker called on her several times, while she was in Newark and fell violently in love with her. When she returned to her home in Guernsey county he continued his visits and represented himself to be a widower with one child. Everything then continued to run along smoothly and in a short time so it is said, they became engaged, and on Wednesday of last week the wedding day was set for Tuesday, June 13, and the minister was engaged to perform the ceremony.

On Sunday, June 11, Miss Hall says she received a letter signed "Clara" stating that Mr. Wyker had died very suddenly at his home in Fredericktown, of paralysis. Miss Hall says she was considerably affected by the news of her lover's death, and immediately went to Fredericktown to attend the funeral. Upon her arrival in Fredericktown she found that Wyker was living, and also learned the fact that he had a wife and daughter living in the village.

She immediately came to Mr. Vernon and secured the services of Attorney L. C. Shillwell, and this afternoon commenced suit in the Common Pleas court against Wyker for \$10,000 for breach of promise.

BISHOP FOR 37 YEARS.
Portland, Ore., June 16.—Bishop Benjamin Wistar Morris, the oldest Episcopal bishop in the United States today, made application to be appointed coadjutor bishop and relieved of most of his active duties. He has been bishop of Oregon for 27 years. Among the candidates for appointment as his successor is Dr. Nash of Cambridge, Mass.

VICTIM OF A BURGLAR.
Shelbyville, Ind., June 16.—May Hill the five year old girl attracted by a supposed burglar in her home in this city Wednesday, died of her injuries on June 15 today. It is stated that the burglar will probably be made before night.

The late General Sherman was one of the men who haunted the cloak rooms of the House and Senate, hungry for a good story of any kind. It is needless to say that he himself contributed largely to the general fund. One day he related the story of an officer who had made a great deal concerning a shield wound. He was brought before the general mounting and was going on like a man who was on the brink of the grave. Sherman had the bandages removed from the wound and gazing at it in a stupefied manner exclaimed: "Why, Captain, they came mighty near missing you!"

Thousands Have Kidney Trouble and Don't Know It.
Fill a bottle or common glass with your water and let it stand twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys. If it stands year after year, it is evidence of kidney trouble. No frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are affected.

What to Do.

WOMEN'S NEGLECT SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Kate McDonald

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, headache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea.

These symptoms are but warnings that there is danger ahead, and unless remedied a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

"I think that a woman naturally dislikes to make her troubles known to the public, but restored health has become so much to me that I cannot help from telling mine for the sake of other suffering women."

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I could ever recover. Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is true and always helpful.

EPISCOPALIANS IN CONFERENCE

SECRETARY TAFT WILL BE ONE OF THE NUMEROUS SPEAKERS PRESENT.

Illustrated Lectures Will be One of the Pleasing Features of This Notable Gathering.

Richfield Springs, N. Y., June 14.—It is now certain that there will be a good attendance at the Episcopal conference to be held here during the last two weeks in July, and throughout the month of August. Registrations to date have so far exceeded those of last year that a tent seating eight hundred has been secured for an auditorium, and will be formally dedicated on the evening of July 19, when the sermon will be preached by Bishop Burton of Lexington.

A feature of the conferences will be illustrated lectures, some of them given out of doors, if the weather prove fine. One lecture will be on Manila, given by Mr. William B. Miller, the Y. M. C. A. secretary who induced the Mikado of Japan to adopt Y. M. C. A. methods for work among the Japanese troops. He has just come back from a tour of the world. Another will be on New York city as a foreign mission field, to be given by Dr. Thomas Darlington, health commissioner of New York. No city in the world, certainly none outside of China, compares in extent with New York city as such foreign field.

The secretary of war, Judge Taft, United States Senator Scott of West Virginia, Congressman Longworth and Grosvenor of Ohio, and some others who are going to the Philippines this summer with the Taft party, have promised to look into missionary and educational condition in Japan and the Philippines, if their time permit, with the view of speaking upon the subject next winter upon their return. They will not be able to speak at Richfield Springs this year, of course, but they may be able to do so next year, and perhaps at some meeting to be held in various cities next winter.

Efforts are made to bring to the conferences some of the great preachers of the Episcopal church, the aim being to strengthen the spiritual life of church workers. Those to be heard here this summer will be Father Huntington of the Order of the Holy Cross, the Rev. Floyd W. Tomkins and the Rev. Cassius M. Roberts, Philadelphia, the Rev. Dr. John Henry Hopkins and the Rev. M. Northey Jones, Williamsport, Pa. Bishops who will be heard are those of Georgia, Ohio, Harrisburg, Cuba, Porto Rico, and possibly of Tennessee and Delaware.

In the beautiful park in the center of Richfield there were held last year some Sunday afternoon mass meetings at one of which 2500 people were present. Governor Higgins of New York has promised to visit these conferences and it is expected that he will preside on one of these Sunday afternoons, besides speaking next day at the regular meetings. It is not thought likely that a special session of the New York will interfere with his visit.

Some other prominent speakers will be Booker T. Washington, United States Indian Commissioner Leupp, Captain A. T. Mahan, Mr. Saitanuchi Uchida, Japanese consul general at New York, and Hon. James S. Sherman, chairman of the House Committee on Indian Affairs. About thirty returned missionaries or recent travelers in mission fields will be present.

STRANGER IS HURT; AMBULANCE CALLED

Bowers & Criss Brothers' ambulance made a fine run Thursday night to West Newark, where a stranger whose name could not be learned, had been hurt internally by being accidentally struck by a heavy bar. He was brought down town and after a time was able to move about. He would not give any of the particulars of the accident and it is believed that he was fighting. He refused to give his name.

MRS. ALBERT O'HARA DEAD

Croton, Ohio, June 16.—Mrs. Albert O'Hara died here Thursday night, aged 39 years. The funeral will take place at the Methodist church Saturday morning at 10 o'clock, interment at Homer, her former home. A husband and one daughter survive her. Also her father and mother, "Squire" and Mrs. Thompson of Homer, and nine brothers and sisters. Mrs. O'Hara being the first death in the immediate family.

"GAPPING THE GAP."

The free exhibition of "Fearnot," who gaps the gap" at Buckeye Lake Park Sunday afternoon, promises to be a sensational feature. The man has suffered an amputation of both legs but in accomplishing the feat, he is furnished with artificial limbs. The track upon which he tides is fifty feet from the ground. It is 100 feet in length and the gap of 25 feet is cleared without difficulty. The exhibition will be given at 2:30 o'clock.

MANY KNIGHTS TO PARTICIPATE

IN THE ANNUAL FIELD DAY EXERCISES TO BE HELD NEXT MONDAY.

Under the Auspices of St. Francis Commandery, Knights of St. John at Idlewild Park.

On Monday of next week the Knights of St. John will gather in Newark for their annual field day under the auspices of St. Francis Commandery of this city. For several weeks past the committee under the direction of V. J. Pieri has been busily engaged in making the preparations for this big event and nine different commanderies will be represented in the big parade which opens the celebration.

The day's celebration will be held at Idlewild Park. Many interesting events have been arranged for the afternoon and a big parade is arranged for morning. This parade will be led by the city police force, the mayor and city officials in carriages. The following commanderies and cadets will be in line:

Commanderies—No. 97, Columbus, Captain Stephens. No. 98, Columbus, Captain Kegelmeyer. No. 117, Columbus, Captain Christie. No. 215, Columbus, Captain Finnegan. No. 226, Columbus, Captain Welsant. No. 116, Logan, Captain Ucker. No. 195, Lancaster, Captain Clarke. No. 85, Marion, Captain Miller. No. 151, Newark, Captain Pieri.

Cadets—No. 5, Lancaster, Captain Ward. No. 13, Columbus, Captain Steinhauser. No. 20, Columbus, Captain Thomas. No. 22, Logan, Captain Shannon.

The procession will be headed by the Fourth Battalion band and all the high staff officers of the Fourth Regiment will be in the parade.

The first annual convention of the Knights will be held Sunday afternoon in the A. I. U. hall on West Main street. The lodges from Columbus, Lancaster, Logan, Marion, Zanesville, Canal Dover, Portsmouth, Marietta and Newark, will be represented in the convention when all the grand officers in the order will be present.

The local committee has offered two prizes to the visiting delegations. The first prize of \$15 is offered to the commandery having the largest number of men in line. The second prize of \$10 is offered for the best appearing commandery.

Besides the entertainment provided by the local committee, Barlow Bros. minstrels will give a performance during the afternoon. The Akron and Newark baseball clubs will play on the park diamond.

The staff officers of the regiment are:

Colonel—George J. Rodensfels, Columbus. Lt. Col.—A. Muckensturm, Lancaster. Senior Major—H. Schitzky, Columbus. Jr. Major—John Sauer, Columbus. Surgeon—Herbert Fisher, M. D., Columbus. Adjutant—Phil A. Effer, Columbus. Chaplain—Rev. A. M. Leyden, Columbus. Inspector—C. W. Wallace, Columbus. Quartermaster—Aug. Bauman, Columbus. Paymaster—M. J. Gates, Columbus. Commissary—J. B. Sachs, Columbus. Aides-de-Camp—A. R. Schaller, Newark; Louis Bauman, Columbus; Peter Schrader, Logan; Jacob Bauer, Marion. Sergeant-at-Arms—G. George J. Gasman, Columbus. Color Sergeant—H. H. Baer, Columbus. Bugler—Erwin Zang, Columbus.

The judges in the contests of the day are: Captain W. C. Miller, Major W. A. Irvine and Captain G. F. Steele.

BARLOW MINSTRELS.

That sterling and reliable attraction the Great Barlow Minstrels, under the management of J. A. Coburn, will again visit Idlewild Park, beginning next Sunday. This announcement alone should guarantee a full house, as the popularity and reliability of this company and its management in fulfilling every promise made the public is too well known to require further comment. A constant effort to please and determination to keep his attraction clean and entirely free from word or action of an undesirable nature, also to provide a new and still better performance each season, has met the hearty appreciation and co-operation of all lovers of minstrelsy and the packed houses which greet him and his company each season on his return to this city demonstrates fully the confidence of the public and their appreciation of an excellent, enjoyable performance. This year an entirely new change of program, scenery, costumes, etc., the introduction of the best and latest popular, military, topical and ragtime hits of our best song writers, the selection of a splendid vaudeville bill of exceptional elegance and a corps of singers far superior to those of former seasons, is a positive assurance of one of the best attractions of the season.

Two of the first-class battleships now attached to the North Atlantic fleet will be sent to Asiatic waters to reinforce Admiral Train. Train will then have one of the most powerful fleets in the orient.
